ONE MOULD. ONE MACHINE.

Highlands Cargo is moulded storage for side-by-sides, made by MotoAlliance. Each box and each cover follows the lines of the machine it is made for.

Not a universal box on adapters: that is why the range runs to twenty-one article numbers and not three. The goods are moulded in impact-resistant low-density polyethylene, sealed against weather and dust, and the latches lock.

Most boxes sit on a quick-release and come off in minutes without tools. The covers close the whole bed.

13

CARGO BOXES

Sit in the bed and leave the rest of it free. Eleven have a stated capacity, from 75 to 195 litres.

8

BED COVERS

Close the whole bed and turn it into one lockable load space. The bed is the measure.

4

MAKES

Polaris, Can-Am, Kawasaki and CFMOTO. Model years from 2013 to 2026.

4

ACCESSORIES

Tailgate plugs, a day box for the Sportsman Touring and racks for the Xpedition.

01

FIND YOUR MACHINE

The fitment register on page 3 lists every machine and model year with its article.

02

READ THE ARTICLE PAGE

Check the fitment lines and the notes marked with a triangle: they say what does not fit.

03

ORDER BY ARTICLE NUMBER

Every article is in the shop at lionparts.com under the same number.

BUILT FOR THE TRAIL

Every article is designed with the serious off-road rider in mind: gear should arrive dry, dust-free and secure.

MOULDED TO THE MACHINE

Custom fit to the lines of each model, with an OEM finish. One mould per machine, no adapters.

IMPACT-RESISTANT

Moulded from impact-resistant, low-density polyethylene to withstand any terrain.

SEALED

Weatherproof seals keep water and dust out, so the gear arrives dry and clean.

LOCKABLE

The latches lock. On the Maverick Trail and Sport box and the Sportsman day box the mounting sits on the inside.

QUICK-RELEASE

The rear boxes for RZR, Teryx KRX, Maverick Trail and Sport and ZFORCE come on and off in minutes, without tools.

WHOLE-BED COVERS

The bed covers secure the entire cargo bed, with clearance for fuel cans, coolers, helmets and tools underneath.

ORDERING

Order in the shop at lionparts.com or by email to help@lionparts.com. Quote the article number.

NOT SURE IT FITS?

Send the make, model, model year and a photo of the bed. We answer which article fits.

WEIGHTS AND CAPACITIES

As stated by the manufacturer in pounds, litres and US gallons; kilograms are converted and rounded.

BUILT AROUND THE RIDER.

A customer service company first, and a parts company second.

FUELING FREEDOM & ADVENTURE.

Lionparts began in 2014 as an online retailer serving powersports riders. From the start we believed that finding the right part and getting the right help belong to the same experience.

Over the years we have grown beyond buying from the large distributors. We work long-term with established brands, independent manufacturers and specialists whose products do not always fit the traditional distribution model, and we connect them with the riders and dealers who need them.

Since 2025 we have been growing into Canada and Europe, with people on three continents and the same idea that built the business: service first, parts second.

Today the catalogue holds more than 200,000 products for ATV, UTV, motorcycle, snowmobile and marine. We ship more than 100,000 orders a year from our own fulfilment centre in upstate New York and from stock we buy ahead and position in warehouses across the country.

Alongside the brands we represent, we develop our own product lines, including EMBERON, KINTORQUE, RINFLO and UNBEHAVED. Each serves its own corner of the powersports market, shaped by what riders actually need and priced to give practical value.

Dealers welcome. Through our invite-only dealer programme we help dealerships, especially small and midsize ones, reach a broad range with competitive terms and support that answers.
