POWERSPORTS LED LIGHTING

Front and rear light kits and halo rings for the Can-Am G2. Fits on the original connector. Sealed to IP67, E-Mark certified.

30 W	40 W	10 000 lm	IP67
LOW BEAM	HIGH BEAM	COMBINED, LAB VERIFIED	SEALED

KINTORQUE

ILLUMINATE THE UNKNOWN.

Light you can count on, sold on numbers you can check.

KINTORQUE builds LED lighting for ATV, UTV and snowmobile. Every lamp is described by what can be measured: watts, lumens, sealing class, approval and the connector it plugs into. No military-grade, no hours of testing, no adjectives standing in for a figure.

The kits fit the machine as it left the factory. They plug into the original connector, mount in the original position and need no cutting and no adapters.

IP67
SEALED AGAINST DUST AND WATER

E-Mark
APPROVED FOR ROAD USE IN EUROPE

OE
ORIGINAL CONNECTOR, NO MODIFICATION

6
HALO COLOURS, SWAP ON THE LAMP

ENGINEERED IN SCANDINAVIA

FRONT, REAR AND EVERYTHING AROUND IT

Two kits and a set of rings, built for the Can-Am G2 chassis. All three fit on the original connector with aluminium housings sealed to IP67.

01

GAMMA

Front light kit

23400000 · 23400010

- 30 W low, 40 W high beam
- Over 10 000 lm combined
- IP67 · E-Mark

02

HALO RINGS

ARTICLE

23400000 OUTLANDER G2
23400010 RENEGADE G2

OVER 10 000 LUMENS.

30 W	40 W	10 000 lm	IP67
LOW BEAM	HIGH BEAM	COMBINED, LAB VERIFIED	SEALED

SPECIFICATION

TYPE	LED front light kit
LOW BEAM	30 W
HIGH BEAM	40 W
OUTPUT	Over 10 000 lm, high and low combined, lab verified
HOUSING	Heavy-duty aluminium, impact and water resistant
SEALING	IP67
APPROVAL	E-Mark
CONNECTOR	Original connector, no modification
SUPPLIED WITH	White halo rings fitted
CARTON	9.2 × 8.5 × 5.8 in (233 × 217 × 148 mm)

FITMENT

23400000	Can-Am Outlander G2
23400010	Can-Am Renegade G2

> Outlander G2 and Renegade G2, 2012 through 2023 or 2024 depending on market: every machine with four round front lights.

> Does not fit the G2L chassis, which has two round front lights.

TWO BEAMS

Low and high beam from one lamp, 30 and 40 watts, over 10 000 lumens with both on. The housing is aluminium, built to take impact and water, and sealed to IP67 against dust and immersion.

HALO RINGS

Ships with white rings fitted. Six colours are available as separate articles and swap on the lamp. See page 6.

HALO RINGS

Six colours, sold separately, swapped on the lamp. Shown fitted to an Outlander G2: yellow, red, green and blue.

YELLOW	RED	GREEN	BLUE	PINK	ORANGE
23400100	23400200	23400300	23400400	23400500	23400600

The Gamma kits ship with white rings fitted. A coloured ring is an article of its own and replaces the white ring on the lamp, without tools.

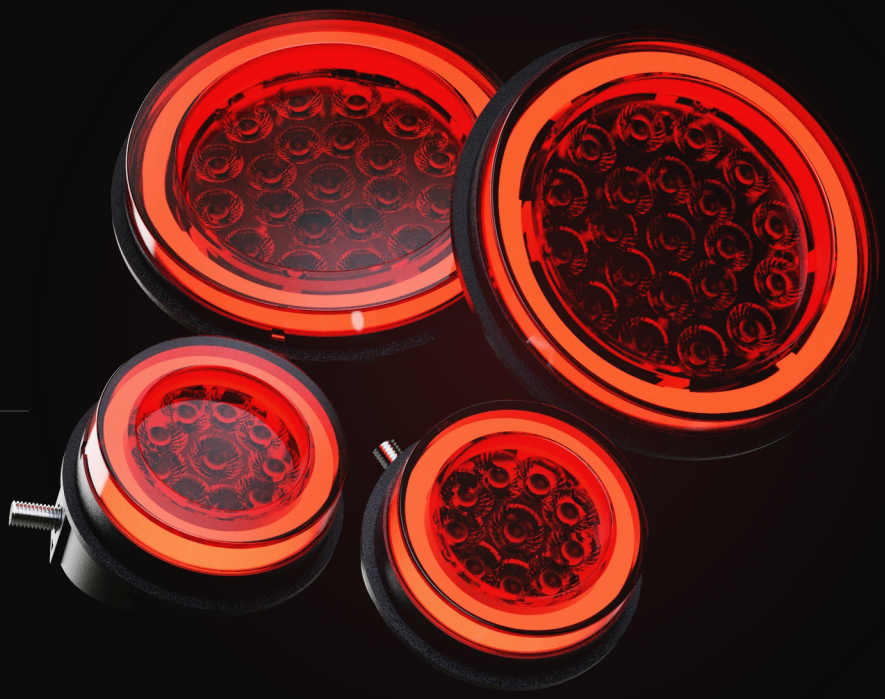

The colour is fixed in the ring, and the ring is not fixed to the lamp. That is unusual in this category, and it is why six colours can be stocked against one kit.

OE FUNCTIONS

1
KIT, EVERY MARKET

NORTH AMERICA

BRAKE · DRIVING
+ turn signal

REFLECTOR
no function

One side shown. Same kit, same look, both markets.

EUROPE

BRAKE · DRIVING

TURN SIGNAL
amber function

ONE KIT. EVERY MARKET.

In North America the large lamp carries the function and the small one is a reflector. In Europe the small lamp is a turn signal as well. Either way the machine gets four lamps and four halo rings, and it looks the same.

TYPE	LED rear light kit
FUNCTIONS	Brake, turn signal, driving light
CONNECTORS	Water-sealed
SEALING	IP67
FITS	Can-Am G2
CARTON	9.2 × 8.5 × 2.8 in (233 × 217 × 72 mm)

FIND YOUR KIT

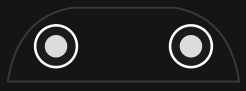

Every kit is built for one chassis and plugs into the original connector. Check the machine, then the article.

YEAR RANGES

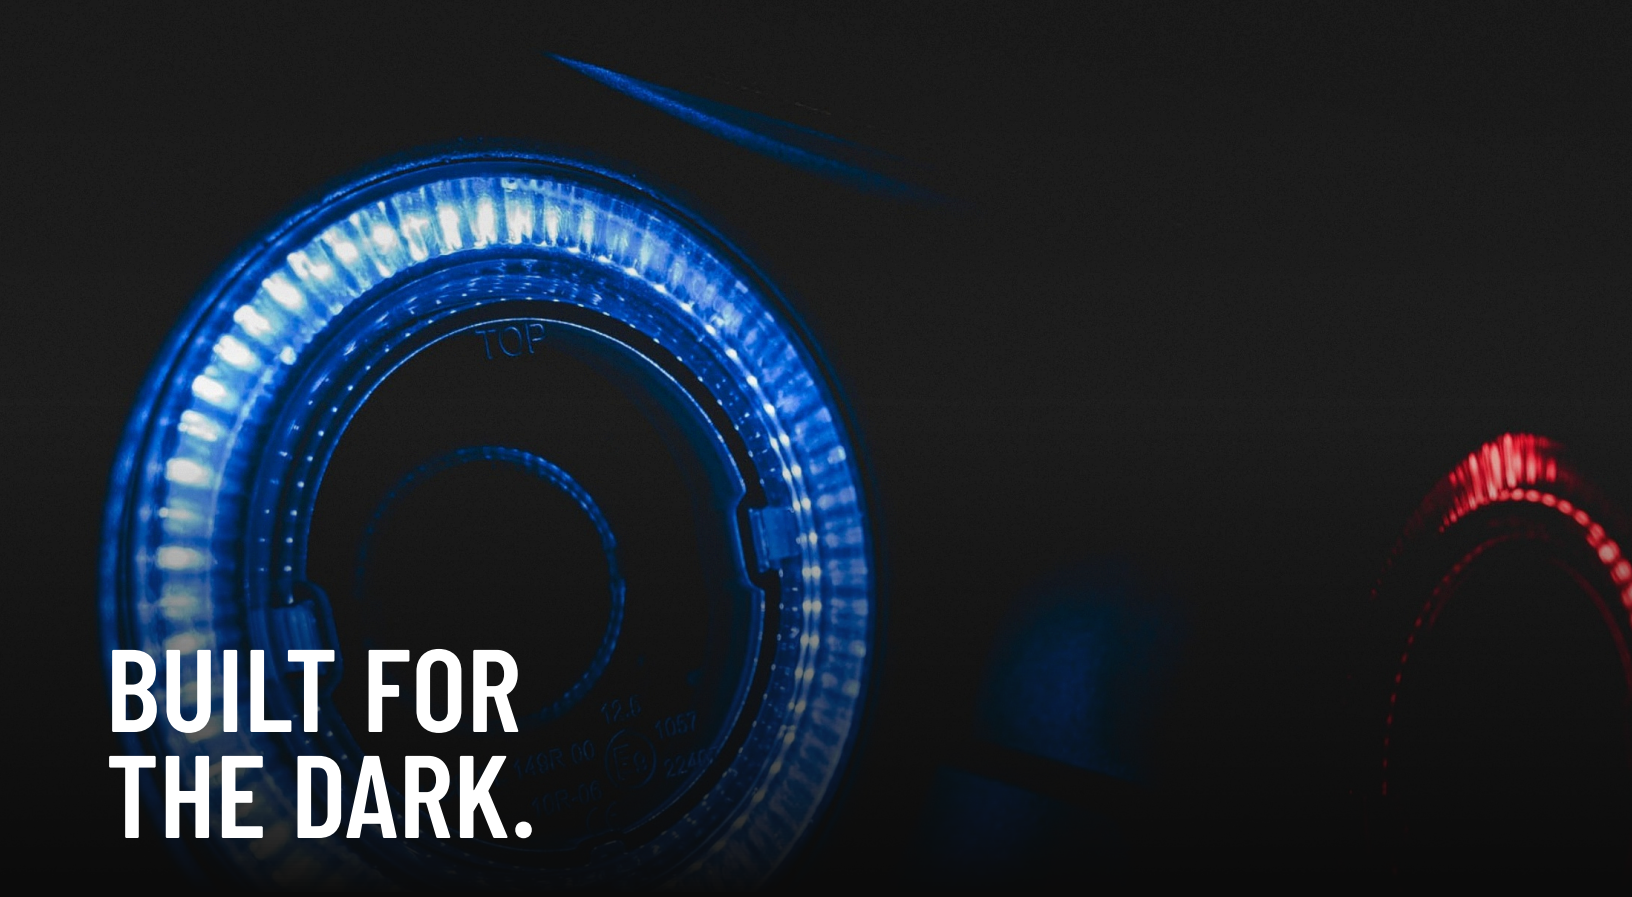

The G2 ran 2012 through 2023 or 2024 depending on market. If your machine has four round front lights, it is a G2.

REAR ON THE G2L

Check the rear lamp layout before ordering. The front kit does not fit the G2L.

NOT SURE?

Send the VIN or a photo of the front of the machine. We answer which kit fits.

BUILT FOR THE DARK.

01

PLUG IN

Every kit mounts in the original position and plugs into the original connector. No cutting, no splicing, no adapters. Installation manuals for each kit are on kintorque.com.

02

WARRANTY

KINTORQUE lights carry a limited one-year warranty against manufacturing defects. Keep the proof of purchase; claims go through the shop you bought from. Statutory consumer rights are not affected.

03

WHERE TO BUY

KINTORQUE is sold by Lionparts, online and through our dealers. Scan for every brand we carry.

LIONPARTS.COM
help@lionparts.com

BUILT AROUND THE RIDER.

A customer service company first, and a parts company second.

FUELING FREEDOM & ADVENTURE.

Lionparts began in 2014 as an online retailer serving powersports riders. From the start we believed that finding the right part and getting the right help belong to the same experience.

Over the years we have grown beyond buying from the large distributors. We work long-term with established brands, independent manufacturers and specialists whose products do not always fit the traditional distribution model, and we connect them with the riders and dealers who need them.

Since 2025 we have been growing into Canada and Europe, with people on three continents and the same idea that built the business: service first, parts second.

Today the catalogue holds more than 200,000 products for ATV, UTV, motorcycle, snowmobile and marine. We ship more than 100,000 orders a year from our own fulfilment centre in upstate New York and from stock we buy ahead and position in warehouses across the country.

Alongside the brands we represent, we develop our own product lines, including EMBERON, KINTORQUE, RINFLO and UNBEHAVED. Each serves its own corner of the powersports market, shaped by what riders actually need and priced to give practical value.

Dealers welcome. Through our invite-only dealer programme we help dealerships, especially small and midsize ones, reach a broad range with competitive terms and support that answers.
